Projects & Client Links

- [Cutie Hack 2020](#) - The application portal for Cutie Hack 2020
- [Calm Naturelle](#) - An online shop and brand I fabricated from the ground up to sharpen my marketing and design skills. Uses a custom shopify theme, and has a social media following with thousands of likes.
- [Richard Horvitz](#) - A personal website for a local voice actor.
- [The Bridge Agents](#) - A company website for a local talent recruitment agency. Uses React.JS and a backend that allows them to modify a list of open roles.
